Cape Fear Teddy Bear Ball a Success in the Summer

WILMINGTON, N.C.- Hundreds of revelers gathered at the Hilton Wilmington Riverside this past Saturday for the Cape Fear Teddy Bear Ball presented by Carolina Crossroads.

The fifth annual event hosted by Duke Children's Hospital & Health Center featured a tropical theme with cool, crisp décor, competitive bidding in a silent and live auction and dancing during an evening of casual elegance to benefit the patients at Duke Children's Hospital & Health Center in Durham, N.C.

More than 1,500 children from New Hanover and surrounding counties are cared for at Duke Children's Hospital & Health Center each year. Two of those patients were featured at the event this year.

Spending money on fabulous items has never been so rewarding. There was something for everyone: weekend getaways, diamond jewelry, tickets to see Eddie Money and tons more.

Carolina Crossroads stepped up to the plate as a new presenting sponsor for this year's event. *(add Carolina Crossroads boiler plate, etc.)*
